

10th Joint Meeting of the Signal Transduction Society (STS)

in association with study groups of the German Society for Cell Biology (DGZ), the German Society for Immunology (DGfI) and the Society for Biochemistry and Molecular Biology (GBM)

Organizers:

Gaby-Fleur Böhl, Berlin
Frank Entschladen, Witten
Stephan Feller, Oxford
Karlheinz Friedrich, Jena
Klaudia Giehl, Ulm
Ralf Hass, Hannover
Ottmar Janssen, Kiel
Oliver Ullrich, Magdeburg
Jürgen Wienands, Göttingen

SIGNAL TRANSDUCTION:

Receptors, Mediators and Genes

Hilton Hotel, Weimar, Germany

November 02 - 04, 2006

<http://www.sigtrans.de>

Abstract deadline: September 15

Keynote Speakers

Rudi Balling, Braunschweig
Walter Birchmeier, Berlin
Johannes L. Bos, Utrecht
Ivan Dikic, Frankfurt
Ludger Hengst, Innsbruck
Ronald A. Laskey, Cambridge
Richard Morrigl, Vienna
Jacques Pouyssegur, Nice
Axel Ullrich, Martinsried
Doris Wedlich, Karlsruhe

Special Focus Symposium 2006:
Molecular and Clinical Tumor Biology

Other Topics

Adhesion Molecules
Complex Signaling Systems
Nuclear Processes and Aging
Viral and Bacterial Pathogens
Receptor-Triggered Pathways
Structural and Functional Compartmentalization
